Mr. L. L. Hunter
Assistant Commissioner
Public Buildings Service
General Services Administration
Washington 25, D. C.

Dear Mr. Hunter:

We have reviewed the enclosed Manuscript Specifications and Drawings 2 - 3 through 2 - 10 for the Grading and Drainage of roadways, walks, parking areas, building site, etc., for our new building which was referred to us by your office.

Our requested revisions have been discussed with representatives of Public Buildings Service and have been accepted. I understand also that the suggestions of the Site Consultants for Harrison and Abramovitz have been incorporated in the specifications, and further that the Site Consultants are making the requested changes to the drawings. When these changes have been completed, the drawings and specifications will be satisfactory to this Agency and this letter may be accepted as our concurrence.

It is therefore requested that bids be solicited as scheduled.

Sincerely,
